

7. Appointed position reports:

- Safety Officer: **(Lance) Nothing new.**
- Website: **The website is up to date (check the For Sale section). Todd will take over website management from Tom until a new webmaster steps forward.**
- Club Raffle: **Tonight's raffle includes an E-flite UMX Cirrus, an Edge 540, CA glue, Tools and Batteries. Also, Jay and Marsha have already acquired several planes for the 2026 Christmas raffle!**

8. Committee reports:

- Events:
 - **GCF Night Fly #1 happened on Saturday, April 4th. About 40-45 people attended and the weather was great!**
 - **GCF Fun Fly was postponed until late June (20th or 27th?). More details to follow when available.**
 - **The 2026 Control-line Combat event happened April 24, 25 & 26 at the GCF field. There were 12-14 flyers each day and lots of excitement (including 1 break-away plane and a minivan stuck in the mud, followed by the responding tow truck also getting stuck).**
 - **AMOS is hosting the 2026 NorCal Swap Meet on May 9th.**
 - **The Pioneer/Bayside auction from previous years is being hosted by the Turlock RC Club at the Modesto City - County Airport on October 31st, 2026. Our very own Tom Minger will be the auctioneer. Save time by registering in advance on their website as a buyer or seller (or both).**
- Promoting Flying: **The Mountain RC Flyers participated in Airport appreciation Day at the Calaveras County Airport in San Andreas on May 2nd. Fred C. was there with a flight simulator. It went well, but it was not as well attended as previous years.**
- Field Maintenance: **The field is almost ready for another mowing, it will probably happen on Monday, May 18th. Tom will send out an email to confirm the date as it gets closer.**

9. Announcements / Pertinent correspondence:

- **IMPORTANT! The GCF meeting for June and July will happen on the 2nd Wednesday of the month instead of the 1st Wednesday due to scheduling conflicts at Round Table Pizza. So we have the room reserved for June 10th and July 8th. Please pass this information along to other members.**
- **We have GCF mugs, hats and t-shirts from Vista Print with the GCF logo on them. They can be ordered from Jay (\$25 for t-shirts, \$16 for hats, \$10 for mugs). Get yours today!**

10. Discussion of old or continuing business:

- **Jacob and Jennifer Dale are going to help put together a video of the field, and Dan Troxell has graciously offered to provide some music to go along with the video. Keep an eye on the club website in the next couple of months to see the results!**

- **Jerry Ingalls put together a drone video from the Night Fly event. It can be viewed at <https://www.youtube.com/watch?v=Xp6Aq8w5fUo>**

11. Discussion of new business:

- **There are several items that need to be removed from the field, including: used t-posts from the old pit fence, scrap lumber from a derelict starting stand and broken chain link stands from the pylon racing days. Mike Belmont has volunteered to remove these items to help clean up our field (and he has already done so by the publishing of this newsletter). Thanks Mike!**
- **Craig Rousseau has volunteered to help Alan with club Treasurer tasks. Craig has several years of experience in various finance roles, including being the Treasurer for his HOA for multiple years. Thanks Craig! (The club voted unanimously to allow Craig to be added to the GCF bank account, if needed for this role).**
- **Todd is working on a new club membership application form to include emergency contact information, AMA/FAA expiration dates and additional information pointing folks to the websites for AMA/FAA/TRUST enrollment. The new form will be shared for review at the next meeting.**

12. Presentation of member's modeling projects:

- **Jeff brought a GPS Speed/Altitude tracker that is small enough to drop into most airplanes and plugs into the balance plug of your LiPo. It is available through KM RCModel (kmrcmodel.com). Jeff clocked his (modified) EFRacer from HobbyKing at 122mph!**

13. Dummy of the Month: **Candidates were:**

Fred A. - for crashing his 2nd T-28. He even provided a picture of the wreckage. Ouch!

Daryl - for misjudging the end of the runway at the Night Fly and landing at the property next door.

Lance - for crashing his Ultimate.

And the winner is... FRED A. (and Fred C. will deliver the trophy)!

14. Club Raffle: **Winners included: Lance, the LaSavio's (x3). CONGRATULATIONS!**

Adjournment at 8:10pm
